

FOR IMMEDIATE RELEASE

Cavalier Telephone Awarded Chemical Safety Hazard Review Board Contract

RICHMOND, VA (March 17, 2008) – Cavalier Telephone, the Mid-Atlantic’s leading provider of competitive telecommunications services for business, government and residential customers, today announces the award of a contract from the US Chemical Safety Hazard Review Board (CSB) an independent federal agency charged with investigating industrial chemical accidents. Headquartered in Washington, DC, the agency's board members are appointed by the President and confirmed by the Senate.

Under this 5 year contract agreement, Cavalier Telephone will provide the CSB with mission oriented voice and internet services to support their efforts in investigation of chemical accidents. As reflected in its name, the CSB conducts root cause investigations of chemical accidents at fixed industrial facilities.. Congress designed the CSB to be non-regulatory and independent of other agencies so that its investigations might, where appropriate, review the effectiveness of regulations and regulatory enforcement.

”Cavalier Telephone is proud to play a key role in CSB’s efforts to investigate chemical accidents and environmental hazards. The CSB requires the highest level of security, reliability and service and Cavalier is committed to delivering services that meet these needs.” commented Mike Magliato, Government Sales Director.

Cavalier has been serving Governmental entities such as Veterans Administration, NATO, United States Courts, United States Treasury and the Department of Defense since 2003. The CSB contract award allows Cavalier to add one more federal agency to the list of those taking advantage of the robust Richmond, VA based Competitive Local Exchange Carrier (CLEC).

“We feel that there is an undeniable fit between the needs of Federal telecommunications users and the robust fiber network that Cavalier has built throughout the Mid-Atlantic. We are extremely pleased with this announcement and the positive impact that it will have for the Government and for Cavalier,” commented Mr Magliato..

###
